Hello friends,

We are so thankful for the Springtime! It is a great time of remembering that the Lord always brings Life to us, even after it seems a long time of bare trees and brown grass. I love how even though sometimes things seem like they are dead, there was life all along, just waiting for the right time to spring up. We hope you are enjoying the new life of this time of year and a refreshment of Life in your own lives.

John has been back in India for about 3 weeks now already. He left the next day after our India Dinner and Presentation. Thank you to everyone who came and we missed those of you who couldn't make it, but thank you to those who were praying. We had a wonderful time seeing so many people, sharing good food, hearing touching stories that the team members shared and finishing with a great video summary of the trip. It was really a blessing. We just love to have people share the joy with us about what the Lord is doing in India and it was so wonderful to have the team members telling the news. We feel so blessed! /Thank You, Lord! :)/

We have a few prayer requests for John's time in India. He will be back in the US at the end of this month so he is feeling very pressed for time. We can start out with a **big praise** that we have already had a wonderful answer to prayer. After John spent more than a week in Delhi working on some paperwork, he was able to get it finished. It has been **more than a year we have been waiting for this to go through and this time it did!** /Thank You, Lord!/

We are hoping that the **first training course will be started this Fall** in our new Tuni location. **Please pray that all of the preparation needed for this will work out easily.** John will be arranging many details including helping the teacher and his wife get settled in to their new home at the Tuni training center.

One more important work John would like to make progress on is starting to get the road built to the new location for the training center near Visakhapatnam. This needs to be done before the construction can start. **Please pray for the negotiations with the other land owner, that a fair and workable agreement would be made and that it can be started.** If the other land owner cares about this it will really help to keep the work going well even while John is not there. That would be so helpful! All in the Lord's perfect timing!

Please, as always, **continue to pray for all of the ministries of SERVE India.** John will be spending the rest of his time with the Pastors, visiting their villages, teaching in each of the 3 area monthly Pastors gatherings, encouraging and being encouraged. They all so enjoy their time together!

We are so grateful for every one of you. We are a team in this work and we feel it is such a privilege to work together with you. Thank you so much for your care and prayer for us and all the Lord is doing in India!

His love & blessings, Love, The Nanda's :)
